## SUMMARY

Full Stack Web Developer with a background in Communications, and life-long dedication to learning. Effective at combining creativity and problem solving to develop user-friendly and aesthetically pleasing applications. Known among peers for strong wit, great team moral, and diligence no matter the complexity of the project.

## TECHNICAL SKILLS

### Languages:

HTML5, CSS3, JavaScript, JQuery, Bootstrap, Firebase, Node JS, MySQL, MongoDB, Express, Handelbars.js & ReactJS

### Applications:

Heroku, Git Bash, Adobe CS6, Microsoft Office, Final Cut Pro, & CSI

## PROJECTS

**GIA** | [github.com/pgonzalez003/giaApp](https://github.com/pgonzalez003/giaApp) | [pgonzalez003.github.io/giaApp/](https://pgonzalez003.github.io/giaApp/)

- GIA or Global Intelligence Agency is travel based application that allows users to have the most pertinent information at the touch of finger. GIA will be able to tell travelers the time zone, language, any advisories in effect, and much more!
- Responsibilities included UI/UX
- HTML5, CSS3, JavaScript, JQuery, Bootstrap, & Firebase

**Escape the Hive!** | [github.com/pgonzalez003/unit-4-game](https://github.com/pgonzalez003/unit-4-game) | [pgonzalez003.github.io/unit-4-game](https://pgonzalez003.github.io/unit-4-game)

- Random number generated JavaScript game with the goal off collecting enough plutonium fuel cells to escape a hostile *Alien* planet before time runs out.
- Responsibilities included UI/UX & Game logic
- HTML5, CSS3, JavaScript, JQuery, & Bootstrap

**Mochi** | [github.com/KrystalCW/Project3/](https://github.com/KrystalCW/Project3/) | [mochifinalproject.herokuapp.com/](https://mochifinalproject.herokuapp.com/)

- It may be cliché, but many people don't know what they have until it's gone. When a disaster hits and you're stuck trying to catalogue your entire life, the insurance companies ultimately win. With Mochi, you can have peace of mind knowing your items are catalogued before an emergency, meaning you can get back to what's important: rebuilding your life.
- Responsibilities included: UI/UX, Log-in functionality, & form submission
- Tools / languages used: React JS, Node, Express, MongoDB, Bootstrap, Cloudinary, B-Crypt

## EXPERIENCE

### **Member Services Associate**

2018 – Current

#### **Mittleman Jewish Community Center**

Portland, OR

- Assisted members and guests with registration for classes and activities, checking-in, and in-house payments.
- Giving tours to prospective members and answering any general questions they may have.
- Experience with CSI, a POS system.
- Responsible for opening/closing center and making sure all safety and security protocols are followed.
- Providing a warm friendly experience to all visitors

### **Collision Appraiser**

2016 – 2018

#### **Aloha Auto Body & Paint**

Portland, OR

- Appraised auto collision damage, scheduled repairs with customer, and negotiated with insurance companies for payment.
- Managed shop workflow and day to day operations
- Communicated sales orders with outside vendors including international manufactures
- Scheduled and updated progress of repairs with customers and insurance providers
- Identified and alleviated customer concerns regarding repairs

#### *Key Accomplishments:*

- METLIFE CARE certified
- Added three new insurance programs to Select Service Program
  - Safeco
  - Liberty Mutual
  - PEMCO

### **Intern**

2015 – 2016

#### **Urban South Brewery**

New Orleans, LA

- Created company's social media accounts: (Facebook, Twitter, and Instagram)
- Managed in-house merchandise POS system; coordinated product releases, in-house events, and initiated new merchandise campaigns and promotions
- Involved with new product creation, strategies and planning for three-tier market: Distributors, Retailers and Consumers

#### *Key Accomplishments:*
